## Concept

### SET Hotel.Residence by Teufelhof Basel

#### *Live your personality. Choose your live.*

We are a Design Hotel & Residence with young urban art in the middle of the old town of Basel. Style and ambience are our main characteristics and we offer "modern and individual life".

**Modern** means a newly conceived and built house with the latest technology – always there where it makes sense. Our ambience impresses with a materialisation where the used materials remain visible and thus can be experienced. The house is furnished with modern, experimental and unique design classics and a top infrastructure. The rooms are stylish with the finest materials and brand-new furnishings.

**Individual** means a freely selectable service level. Living the individual needs is our credo. You choose what you want. Everything is possible. Full service like in a top hotel with full board in all establishments of our Wyniger group? Of course!

No service like at home and take care of everything yourself as if you were in a private apartment? We will gladly arrange this for you! In this case, maybe still with a private bar - the "Counting Sheeps" bar - in the lobby if you need some company. Today this and tomorrow the other? Absolutely! You see. We are serious. Individual also means a freely selectable length of stay. One day? With pleasure! Three months? Immediately! The whole life? Let's talk about this! A novel concept. From residence to hotel - everything is possible!

**Life.** Live with us! In the lobby we have our "Counting Sheep" bar, if you are looking for some company. But there are also places of retreat, including a magnificent courtyard with a garden, if you need some rest. In our parent company "Der Teufelhof Basel" right opposite we offer a lively gastronomy, if you do not want to cook yourself. Many rooms also have their own cooking area, for the times you prefer to cook yourself. There is of course also a fitness center. You need some rest? Our rooms are the ideal retreat. You want to work? This is possible in our spacious lobby. You want tips for life in Basel? We are always here for you.

You see. This is a new interpretation of living in a hotel! Customized for what you need right now. Freely and always re-selectable. We are not only passionate hoteliers and restaurateurs but also "locals" and well-traveled. We have implemented everything we learnt in our concept.

Experience it!

*SET. Here you are*
